

How does it work?

- Download the APP  
- Enter your personal data: gender, weight, age
- Set your personal hydration goal or get our recommendation
- Fill your TRAQUA with tap water
- Tap the cleaning icon to sterilize the bottle and water
- Track your daily water intake in the app
- Stay safe and hydrated

TRAQUA
SMART HYDRATION TECHNOLOGY

**KNOW YOUR WATER.
TRUST YOUR BOTTLE.**

Do you use reusable water bottles?

Are you tired of the endless effort of cleaning your bottle?

20 % of all reusable bottles contain risky levels of microorganisms

Or do you still buy single-use plastic bottles?

Do you trust tap water?

Are you uncertain about your daily water and mineral intake?

TRAQUA
is your solution

Features

Sends all information to the App via Bluetooth

Filters your water and notifies you when to change the filter

Tracks your water intake

Tracks your mineral intake

Purifies your water with UV-C technology

**KNOW YOUR WATER.
TRUST YOUR BOTTLE.**
